

# ARGOS FLASH #32

09/2016

## NEW ARGOSWEB is here: Try it out!

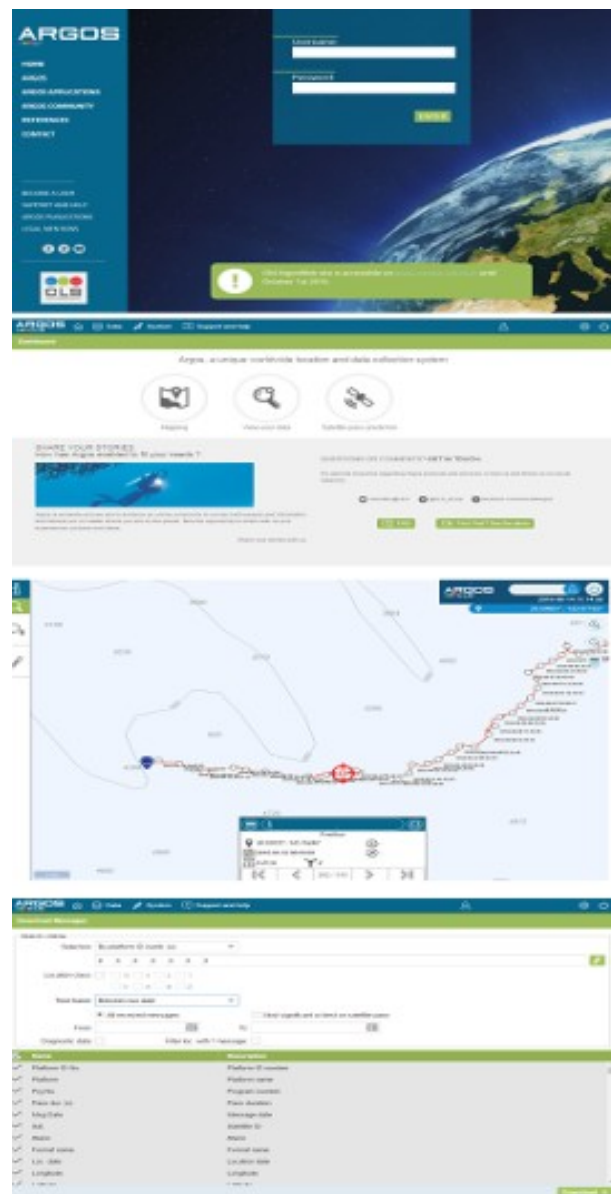

SERVICES

### THE NEW ARGOSWEB IS HERE!

A new version of ArgosWeb will replace the old on September 26th with a lot of new features as well as your old favorites:

- Responsive design (compatible with tablets and smartphones)
- Entirely rebuilt mapping tool
- Improved data access and download features
- Argos positions reprocessing request option (Least Square/ Kalman / Kalman smoother)
- Faster load time
- View all Argos and GPS positions on map
- 1 year of archive data available online
- Export Argos tracks with error ellipses on Google Earth
- Manage your settings & Create guest accounts
- Satellite pass prediction

## AUSTRALIA/NEW ZEALAND ARGOS USER'S WORKSHOP

CLS, in collaboration with UTAS, IMAS and IMOS hosted a workshop for Australian and New Zealand Argos users in Hobart, Tasmania, on September 8th, following the Australian Society for Fish Biology Conference (ASFB-OCS). Over 40 clients/prospects participated, such as Clive McMahon, Sydney Institute of Marine Science, on "IMOS: Southern Ocean Observations in real time for the global research community. Thanks to all who attended!
